The **DeeperLife**  
Sunday School

Winter 2018

The Deeper Life meets every Sunday morning at 9:30 a.m. As you look through this resource, you will find a variety of Bible study classes for you and your family. We would be pleased for you to join us this Sunday as we grow our roots in the Word of God.

### Adult Bible Fellowship (adults of all ages) Rm. 207

In this study of the classic bestseller by Kris Vallotton & Bill Johnson, *"The Supernatural Ways of Royalty"*, it lovingly guides believers into a revolutionary understanding of who God says they are – royal heirs to the eternal Kingdom of God. For too long, many have lived in a pauper mindset, living far below their supernatural inheritance.

All Christians are called to embrace their true identities as an heir to the King. A royal priesthood filled with the Holy Spirit and empowered to influence, rule and reign releasing God's kingdom on earth as it is in heaven. *"You will always reproduce the environment around you that you cultivate within you."* This royal identity is characterized by a lifestyle where the supernatural is natural and miracles become the norm, not the exception.

At some point, we must go beyond simply being *"sinners saved by grace."* As we learn to live out of our position in Christ we will bring forth the greatest exploits of all time. *"We are not just soldiers of the cross; we are heirs to the throne."* His divine nature permeates our souls, transforms our minds, transplants our hearts and transfigures our spirits. We were made to be vessels of His glory and vehicles advancing the Kingdom of His Light.

In this study you will be challenged to step into our God-given destiny by dispelling the pauper mindset, uprooting the spiritual poverty mentality and embracing royalty as part of your spiritual DNA! Discovering your true identity will unlock your Spiritual Inheritance!

Teacher: Pastor Marcus Alexander, Ph.D.

#### The Authority of the Believer

Many people would really like to know more about the Bible, but when they are confronted with reading it, they become aware of an acute problem—they don't know where to start. Also, many fine Christians try earnestly to read the Bible but find it difficult to understand and thus, it is dull. Because of this, many people justify not reading the Bible by saying they have no time, so they will leave it to the ministers and scholars.

The shocking truth is God gave the Bible to us for the personal use of the man on the street, the housewife, the blue-collar worker, the student and on and on. Surely the God Who created both the Bible and the Bible student can provide a way to make His Word understandable and practical to all of us.

This is why we have begun the Journey Series. It is a study into the Word of God and how to apply it to your life where you are right now. Please come and join our study as we follow our Journey through life.
